

Transition Rollout Schedule – March 2018 to December 2018

In May 2016 the Universal Credit full service for all claimant types began to rollout nationally.

The following schedule was updated in March 2018 to coincide with the Written Ministerial Statement on delivering Welsh language capability within the full service and balancing resources more effectively within DWP.

This schedule sets out the latest planning assumptions for sites that will transition to the Universal Credit full service (including those already announced – see Annex A). The list is in alphabetical order by local authority mapped to Jobcentre sites.

Rollout of the Universal Credit full service is due to complete in December 2018. After the rollout process has completed, DWP will then begin moving all remaining existing benefit claimants to the Universal Credit full service starting in 2019.

Please note

This schedule focuses on showing the main go live dates for respective Jobcentre areas and local authorities. We are aware that due to how postcode areas are linked to Jobcentres and local authorities there may be occasions where a small sample of postcodes go live at a different time than stated in this schedule. Those Jobcentres and local authorities affected will be notified as part of the implementation process. However it is not practical to be able to show all of these instances on a schedule of this nature.

Additionally some local authorities and Jobcentre areas appear more than once within the list. This is due to the fact that some local authorities do not have a Jobcentre within their boundary and the catchment area falls within the Jobcentre area of a neighbouring local authority.

Universal Credit national expansion – Tranches Three and Four

On 16 February 2015 the Department for Work and Pensions (DWP) began the national expansion of Universal Credit to the remaining areas across Great Britain following the successful expansion to the North West of England during 2014.

Tranche One completed successfully in April 2015 and Tranche Two completed in July 2015. The completion of Tranche Two saw Universal Credit live in half of all Jobcentre areas and local authorities across Great Britain.

A list of the current live Universal Credit sites can be accessed here:

<https://www.gov.uk/jobcentres-where-you-can-claim-universal-credit>

The lists below provide the detail of when the remaining Jobcentre areas and local authorities will go live with Universal Credit during Tranche Three (September – November 2015 and Tranche Four (December 2015 – April 2016).

As with Tranches One and Two, this roll out of Universal Credit will only be for new claims from single people, who would otherwise have been eligible for Jobseeker's Allowance, including those with existing Housing Benefit and Working Tax Credit claims.

The Commencement Order for Tranches Three and Four can be accessed here:

Please note that some Jobcentre areas appear more than once within the list. This is due to the fact that some local authorities do not have a Jobcentre within their boundary and the catchment area falls within the Jobcentre area of a neighbouring local authority.
